

Magento Countdown Installation Guide

Installation

1. First of all, back up your store database and web directory. It is wise to perform this procedure before any installation.
2. On your back end, go to **System** → **Magento Connect** → **Magento Connect Manager** and log in to Magento Connect Manager with administrator credentials.
3. Under “Direct package file upload” section, browse for package file and hit “Upload”.

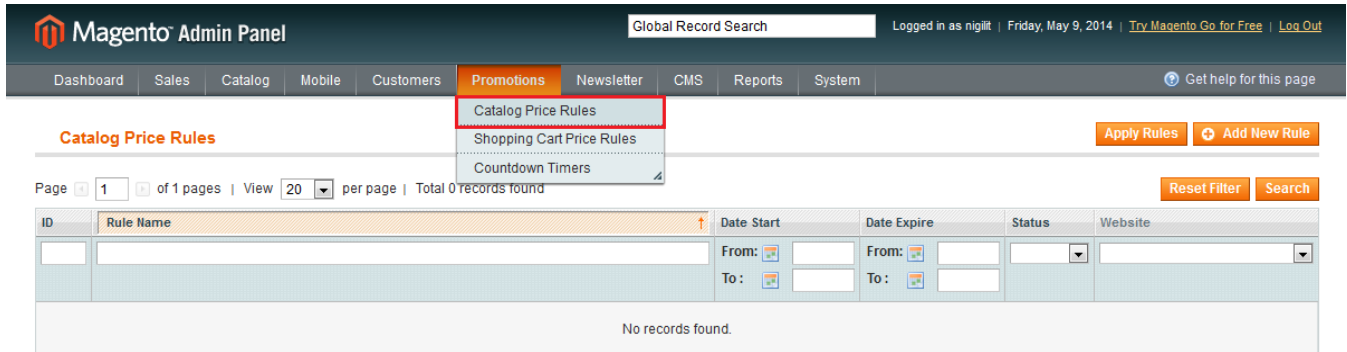

The screenshot shows the Magento Connect Manager interface. The top navigation bar includes 'Extensions' and 'Settings' tabs, with 'Return to Admin' and 'Log Out' links. The 'Settings' section is active, showing a checkbox for 'Put store on the maintenance mode while installing/upgrading/backup creation' (checked) and a 'Create Backup' dropdown menu set to 'Database'. Below this is the 'Install New Extensions' section, which includes a search for modules via 'Magento Connect' and a text input field for 'Paste extension key to install' with an 'Install' button. The 'Direct package file upload' section is highlighted with a red box and contains a 'Browse...' button and an 'Upload' button, with red arrows pointing to each. At the bottom, there is a 'Manage Existing Extensions' section with a 'Check for Upgrades' button, a 'Channel: Magento Community Edition' label, and a 'Commit Changes' button. A checkbox at the bottom right is labeled 'Clear all sessions after successful install or upgrade:

4. Return to website back end, log out and then log in again.
5. Flush Magento Cache under **System** → **Cache Management**.
6. Congratulations! You are now ready to use **Countdown** extension.

Configuration/Usage

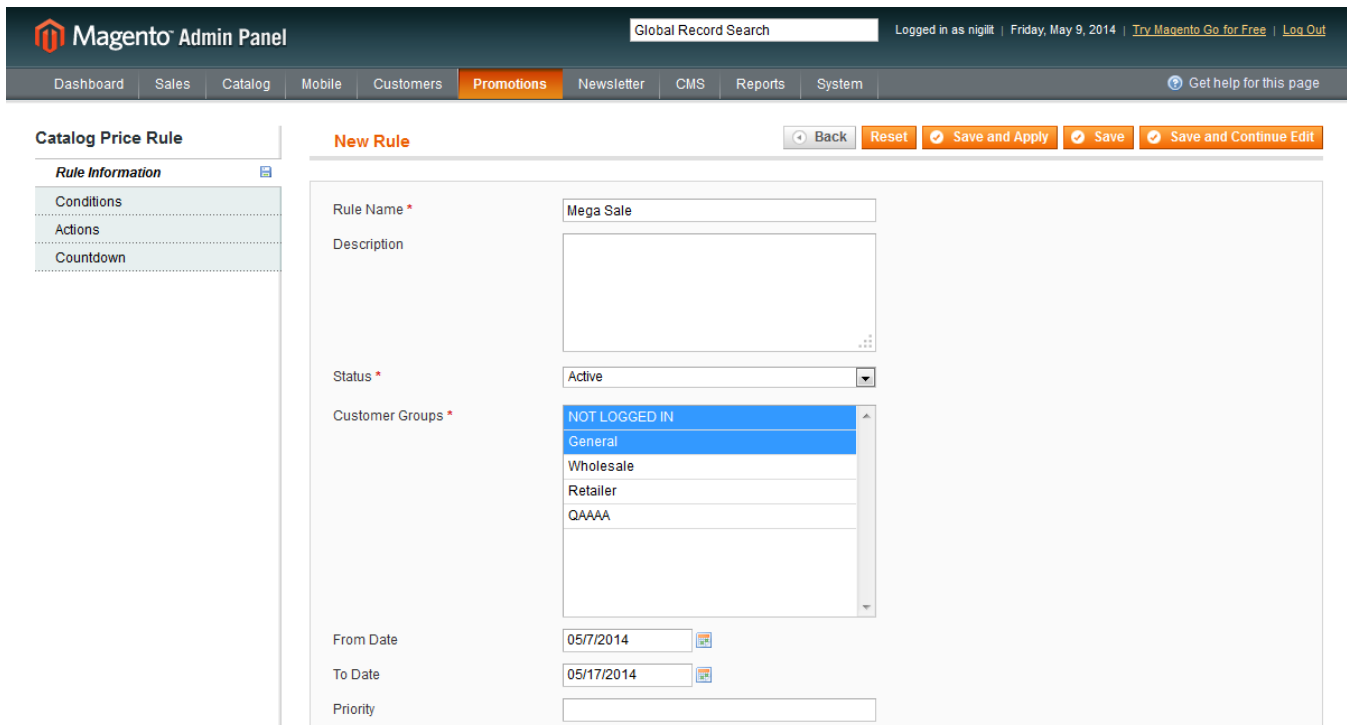

Adding Countdown Timer via Catalog Price Rules

You can apply timers to a bunch of products using default Magento Price Rules. Go to **Promotions** → **Catalog Price Rules** and create a new rule by clicking “Add New Rule” button.

The screenshot shows the Magento Admin Panel interface. The top navigation bar includes 'Dashboard', 'Sales', 'Catalog', 'Mobile', 'Customers', 'Promotions', 'Newsletter', 'CMS', 'Reports', and 'System'. The 'Promotions' menu is active, and a dropdown menu is open, highlighting 'Catalog Price Rules'. Below the navigation, the 'Catalog Price Rules' page is displayed, showing a table with columns for ID, Rule Name, Date Start, Date Expire, Status, and Website. The table is currently empty, with the message 'No records found.' displayed below it. The 'Add New Rule' button is visible in the top right corner.

1. Enter the general rule information:

The screenshot shows the 'New Rule' form in the Magento Admin Panel. The form is titled 'New Rule' and includes a 'Back' button and several action buttons: 'Reset', 'Save and Apply', 'Save', and 'Save and Continue Edit'. The form fields are as follows:

- Rule Name ***: Mega Sale
- Description**: (Empty text area)
- Status ***: Active
- Customer Groups ***: A list of customer groups including 'NOT LOGGED IN', 'General', 'Wholesale', 'Retailer', and 'QAAAA'. 'General' is selected.
- From Date**: 05/7/2014
- To Date**: 05/17/2014
- Priority**: (Empty text field)

2. Enter required conditions on Conditions tab:

The screenshot shows the Magento Admin Panel interface. The top navigation bar includes 'Dashboard', 'Sales', 'Catalog', 'Mobile', 'Customers', 'Promotions', 'Newsletter', 'CMS', 'Reports', and 'System'. The 'Promotions' tab is selected. On the left, the 'Catalog Price Rule' sidebar shows 'Conditions' as the active tab. The main content area is titled 'New Rule' and contains a section for 'Conditions (leave blank for all products)'. Below this, it states 'If ALL of these conditions are TRUE:' followed by a single condition: 'Category is 8'. There are buttons for 'Back', 'Reset', 'Save and Apply', 'Save', and 'Save and Continue Edit' at the top right of the main area.

3. Enter the discount amount:

The screenshot shows the Magento Admin Panel interface. The top navigation bar is the same as in the previous screenshot. The 'Promotions' tab is selected. On the left, the 'Catalog Price Rule' sidebar shows 'Actions' as the active tab. The main content area is titled 'New Rule' and contains a section for 'Update Prices Using the Following Information'. This section includes a table with the following fields: 'Apply' (set to 'By Percentage of the Original Price'), 'Discount Amount *' (set to '15'), 'Enable Discount to Subproducts' (set to 'No'), and 'Stop Further Rules Processing' (set to 'No'). There are buttons for 'Back', 'Reset', 'Save and Apply', 'Save', and 'Save and Continue Edit' at the top right of the main area.

4. Enter timer title and select timer design on Countdown tab:

The screenshot displays the Magento Admin Panel interface. At the top, the 'Magento Admin Panel' header is visible, along with a search bar and user information. The navigation menu includes 'Dashboard', 'Sales', 'Catalog', 'Mobile', 'Customers', 'Promotions', 'Newsletter', 'CMS', 'Reports', and 'System'. The 'Promotions' tab is active.

On the left, the 'Catalog Price Rule' sidebar shows a tree view with 'Rule Information', 'Conditions', 'Actions', and 'Countdown' selected.

The main content area is titled 'New Rule' and features a 'Countdown' tab. The configuration fields are as follows:

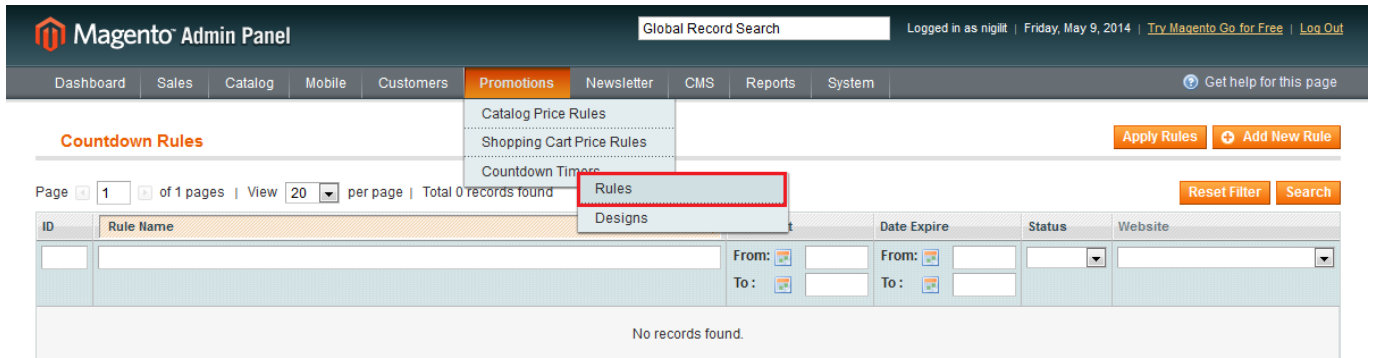

- Status:** Enabled (dropdown menu)
- Countdown Title:** Discount expires in: (text input)
- Url:** (text input, with an example: <http://example.com>)
- Timer Design for Product Page:** Orange35 default style 4 big (visual preview showing 00 YRS, 00 MON, 00 DAY, 00 HRS, 00 MIN, 00 SEC)
- Timer Design for Catalog Page:** Orange35 default style 4 (visual preview showing 00 DAY, 00 HRS, 00 MIN, 00 SEC)

At the top right of the configuration area, there are buttons for 'Back', 'Reset', 'Save and Apply', 'Save', and 'Save and Continue Edit'.

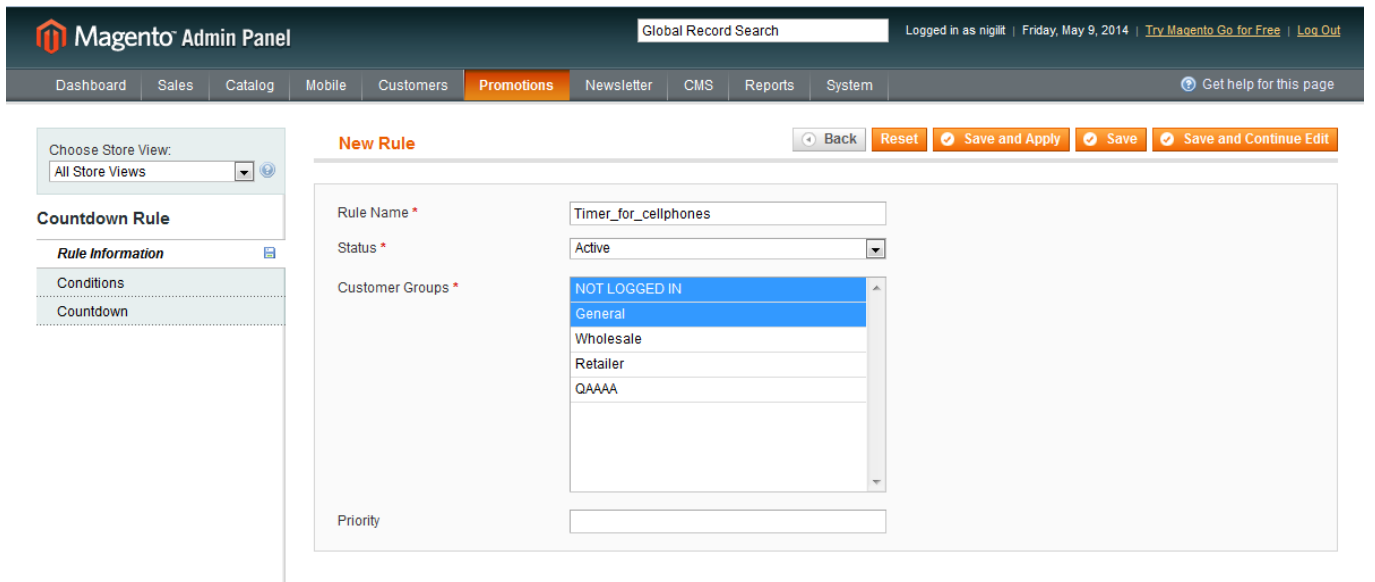

5. Press "Save and Apply" button

Adding Countdown Timer via Countdown Rules

You can apply timers to a bunch of products using own Countdown Rules. Go to **Promotions** → **Countdown Timers** → **Rules** and create a new rule by clicking “Add New Rule” button.

1. Enter the general rule information:

2. Enter required conditions on Conditions tab:

The screenshot shows the 'New Rule' configuration page in the Magento Admin Panel. The 'Conditions' tab is active, showing a rule condition: 'If ALL of these conditions are TRUE: Category is 28'. The left sidebar shows the 'Countdown Rule' configuration options, including 'Rule Information', 'Conditions', and 'Countdown'. The top navigation bar includes 'Promotions' and other menu items. The right side of the page has buttons for 'Back', 'Reset', 'Save and Apply', 'Save', and 'Save and Continue Edit'.

3. Enter timer title, select usage date and timer design on Countdown tab:

The screenshot shows the 'New Rule' configuration page in the Magento Admin Panel, now on the 'Countdown' tab. The 'Countdown' section is expanded, showing fields for 'Countdown Title' (Will be available in stock in:), 'Use Date *' (Custom Date), 'Start Date' (05/10/2014), 'End Date *' (05/24/2014), 'Uri', and 'Timer Design for Product Page' (Orange35 default style 2 big) and 'Timer Design for Catalog Page' (Orange35 default style 2). The left sidebar shows the 'Countdown Rule' configuration options, including 'Rule Information', 'Conditions', and 'Countdown'. The top navigation bar includes 'Promotions' and other menu items. The right side of the page has buttons for 'Back', 'Reset', 'Save and Apply', 'Save', and 'Save and Continue Edit'.

4. Press "Save and Apply" button

Adding Countdown Timer for individual product

You can apply timers to each product individually from product edit page. Go to **Catalog** → **Manage Products** → **<Product Name>** → **Countdown**

The screenshot displays the Magento Admin Panel interface for editing a product. The breadcrumb trail is: **Catalog** → **Manage Products** → **HTC Touch Diamond (Cell Phones)** → **Countdown**. The page title is "HTC Touch Diamond (Cell Phones)".

Product Information sidebar (left):
