Installation

1. First of all, back up your store database and web directory. It is wise to perform this action before any installation.
2. On your back end, go to **System** → **Magento Connect** → **Magento Connect Manager** and log in to Magento Connect Manager with administrator credentials.
3. Under “Direct package file upload” section, browse for archive file and hit “Upload”.

The screenshot shows the Magento Connect Manager interface. At the top, there's a dark header with the 'Magentoconnect MANAGER' logo. Below the header, there are tabs for 'Extensions' and 'Settings', and links for 'Return to Admin' and 'Log Out'. The 'Settings' tab is active, showing options like 'Put store on the maintenance mode while installing/upgrading/backup creation' (checked) and 'Create Backup' (unchecked) with a dropdown menu set to 'Database'. Below this is the 'Install New Extensions' section with instructions to search for modules via 'Magento Connect' and a text input field for pasting an extension key, followed by an 'Install' button. The 'Direct package file upload' section is highlighted with a red border and contains instructions to download or build a package file, followed by an 'Upload package' button, a 'Browse...' button, and an 'Upload' button. At the bottom, there's a 'Manage Existing Extensions' section with a 'Check for Upgrades' button, a 'Channel: Magento Community Edition' label, and a 'Commit Changes' button. A checkbox at the bottom right is labeled 'Clear all sessions after successful install or upgrade:

4. Return to website back end, log out and then log in again.
5. Flush Magento Cache under **System** → **Cache Management**.
6. Congratulations! You are now ready to use Time Dependent Shopping Cart Price Rules.
